

Alicia Savelli

✉ aliciasavelli@gmail.com • 🌐 aliciasavelli.github.io

I am a first year graduate student at the University of Toronto in the department of Astronomy & Astrophysics. I come from a unique background as a secondary math and physics teacher before I became an undergraduate research assistant. I am extremely passionate about astronomy, physics, mathematics, research, and teaching, and have significant experience and skills to support me in a career in science. I am interested in the fields of cosmology, galaxy formation and evolution, and relativity.

Education

University of Toronto

PhD Astronomy & Astrophysics

2022 – 2027

Brock University

B.Sc. Physics (Honours)

2020 – 2022

- 93% average in upper year courses (4.0 GPA on 4 point scale)
- 90% cumulative average (4.0 GPA on 4 point scale)
- Top 15% of faculty every year
- Completed as a second degree (10.0 credits transferred from B.Sc. in Mathematics + 10.0 new credits in 2 years)

Brock University

B.Sc. Mathematics (Honours), minor in Physics

2014 – 2019

- 93% average in upper year courses (4.0 GPA on 4 point scale)
- 88% cumulative average (4.0 GPA on 4 point scale)
- Top 15% of faculty every year

Brock University

B.Ed.

2014 – 2019

- Intermediate/Senior qualifications
- Straight P1s(As)
- 94% cumulative average (4.0 GPA on 4 point scale)

Research Experience

Undergraduate Thesis

Exploring the Possibility of Faster-than-Light Travel in Our Universe

Brock University

Supervisor: Prof. Barak Shoshany

October 2020 – February 2022

- Used General Relativity and Mathematica to investigate the possibility of faster-than-light travel
- Extended the Alcubierre Warp Drive metric to 5 spacetime dimensions
- Proposal, midterm, and final presentations to faculty and interested public along with written thesis submission
- Received additional credit for quality and quantity of research

Research Projects

Characterizing Analogues of the Milky Way in Cosmological Simulations

University of Toronto

Supervisors: Dr. Ted Mackereth & Prof. Josh Speagle

Summer 2021, Winter & Summer 2022

- Used Python and data from the EAGLE suite of cosmological simulations and Illustris TNG300 to identify and analyze Milky Way Analogues
- Determined a "Milky Way-ness" parameter and studied its effect on various properties of the MWAs both at present-day and throughout their formation histories
- Midterm and final presentations, academic poster, and research summary delivered to faculty and interested public

Publications

Warp drives in 5 dimensions

Alicia Savelli & Barak Shoshany

In prep. (expected July 2022)

Characterizing Analogues of the Milky Way in Cosmological Simulations

Alicia Savelli, Ted Mackereth & Josh Speagle

In prep.

Scholarships, Awards & Honours

Summer Undergraduate Research Program (SURP) Fellowship

Dunlap Institute for Astronomy & Astrophysics, \$9,690

2022

Summer Undergraduate Research Program (SURP) Fellowship

Canadian Institute for Theoretical Astrophysics; Dunlap Institute for Astronomy & Astrophysics, \$9,595

2021

SURP Student Spotlight

Canadian Institute for Theoretical Astrophysics; Dunlap Institute for Astronomy & Astrophysics

2021

SURP Poster Contest – Runner Up

Canadian Institute for Theoretical Astrophysics; Dunlap Institute for Astronomy & Astrophysics

2021

Dean's Honour List

Brock University

2015, 2016, 2017, 2018, 2021, 2022

- Awarded to students with an 80% average or greater each academic year
- Received every year of B.Sc. (Math) & B.Sc. (Physics) degrees
- Additional distinction of top 15% of the faculty

Brock Scholars Award

Brock University, \$8,000

2014, 2015, 2016, 2017

- Entrance scholarship for incoming averages of 90% or greater
- \$2,000/year for a maximum of 4 years, renewed if average is maintained at 80% or greater

Ontario Scholar

Halton Catholic District School Board

2014

- Distinction for graduating students with an average of 79.5% or greater in top six grade 12 courses

Top Hat Marching Orchestra Scholarship

Top Hat Marching Orchestra, \$1,000

2014

French Second Language Award

Halton Catholic District School Board, \$50

2014

- Awarded to graduating student with the highest mark in a grade 12 French course

Conference Talks

CUPC 2022 [Expected] <i>Warp Drives in 5 Dimensions</i>	University of Guelph October 2022
AAS 239th Meeting [Cancelled] <i>Analogues of the Milky Way in Cosmological Simulations</i>	Salt Lake City, UT January 2022
SDSS-V 2021 Collaboration Meeting <i>Analogues of the Milky Way in Cosmological Simulations</i>	Johns Hopkins University/Online August 2021

Conference Posters

Linking the Galactic and Extragalactic [Expected] <i>Characterizing Milky Way Analogues in Cosmological Simulations</i>	Wollongong, Australia December 2022
CASCA 2022 <i>Characterizing Milky Way Analogues in Cosmological Simulations</i>	University of Waterloo/Online May 2022
SDSS-V 2021 Collaboration Meeting <i>Analogues of the Milky Way in Cosmological Simulations</i>	Johns Hopkins University/Online August 2021

Teaching Experience

Secondary Teacher.....

Wembley High Technology College <i>Secondary Maths Teacher</i>	London, UK September 2019 – July 2020
<ul style="list-style-type: none">– Taught five maths classes from the GCSE Foundation and Higher curricula to Key Stage 3 and Key stage 4 learners at various levels of academic achievement– Developed and delivered engaging and differentiated lessons, managed classroom behaviour, regularly assigned and marked homework– Year 9 form tutor– Volunteered to participate in and organize extra curricular activities such as a tutoring club, a puzzles club, a maths news letter, and UKMT national maths challenges	
St. John Henry Newman Catholic Secondary School (HWCD SB) <i>Physics Student Teacher</i>	Stoney Creek, ON March – May 2019
<ul style="list-style-type: none">– B.Ed. Practicum– Taught one SPH3U grade 11 university level physics class and two SPH4U grade 12 university level physics classes– Entirely responsible for creating notes and lessons that delivered the curriculum, and developing and marking tests, quizzes, assignments, and lab experiments/reports– Volunteered with the school's concert band and lunchtime and after-school tutoring/homework clubs	
Cathedral High School (HWCD SB) <i>Math Student Teacher</i>	Hamilton, ON November – December 2018
<ul style="list-style-type: none">– B.Ed. Practicum– Taught one MPM1D grade 9 academic level math class and one MCR3U grade 11 university level math class– Entirely responsible for creating notes and lessons that delivered the curriculum, and developing and marking tests, quizzes, and assignments	

- Volunteered with the after-school homework club

Primary Teacher.....

Prince of Wales South Public School (NDSB)

Thorold, ON

Student Teacher

October 2015 – March 2016

- B.Ed. Practicum
- Delivered Levelled Literacy Intervention (LLI) program
- Helped students of all ages advance their reading levels in small groups of three to four students

Professional Primary, Secondary, & Post-Secondary Tutor.....

Oxford Learning Centres Inc.

Burlington & Stoney Creek, ON

Teacher

May 2017 – June 2022

- Tutored in groups of one to three high school students, and occasionally students at the college or primary levels
- Specialized in intermediate and senior level math, calculus, data management, and physics, but also tutored students in chemistry, general science, English, French, and more

Private Tutor

Independent Private Tutor

2014 – Present

- One-on-one private tutoring in all levels and categories of secondary math and science and first-year math and physics

Other.....

Education Quality and Accountability Office (EQAO)

Etobicoke, ON

Scorer

July 2019

- Scored academic- and applied-level grade 9 math EQAO tests

Brock University Mathematics Department

St. Catharines, ON

Exam Proctor

2015-2016

- Proctored first-year math midterms and final exams

Other Relevant Work Experience

ArcelorMittal Dofasco

Hamilton, ON

Data Analyst

Summer 2018

- Developed and enhanced queries and data reports to improve company efficiency, wrote macros to supplement reports
- Enhanced technical skills with Visual Basic, SQL, MS Excel, and MS Access

Outreach Experience

Scientifically Yours

Brock University

Project Leader

May 2022

- Designed and co-led *Relatively Yours* workshop – an introduction to Special Relativity and space-time diagrams for high school students
- Led scavenger hunt

Bay Area Science and Engineering Fair (BASEF)

Hamilton, ON

Judge

March 2019

- Interviewed students and scored projects

Selected Workshops, Training, & Professional Development

Introduction to Python

University of Toronto

Student

May 2021

- 2-week intensive introductory course to coding and data analysis with Python
- Covered topics such as advanced plotting, statistical analysis, and machine learning

SURP Astro 101 Lecture Series

University of Toronto

Summer Research Student

Summer 2021

- Summer series of weekly introductory astronomy lectures
- Topics covered included planets & exoplanets, galaxy formation & evolution, instrumentation, statistics, cosmology, and black holes

SURP Professional Development Series

University of Toronto

Summer Research Student

Summer 2021

- Summer series of weekly professional development workshops and seminars
- Topics covered included careers in astronomy, grad school applications and experiences, and presenting research

Shutdown STEM

University of Toronto

Attendee

July 2021

- Day-long workshop within the Astronomy & Astrophysics department pertaining to action against racism with a special focus on Indigenous peoples
- Workshop included presentations, discussions, and activities such as researching and letter-writing

SAFETALK Mental Health Training

Brock University

Attendee

March 2018

- Training in speaking to young people about their mental health and the best ways to be available and offer support
- Awarded certificate

Relevant Coursework

- **Astronomy:** Introduction to Astronomy, Planetary Science
- **Physics:** Classical Mechanics, Electromagnetism, Quantum Mechanics, Statistical Mechanics & Thermal Physics, Optics, Special & General Relativity, Experimental Physics
- **Mathematics:** Calculus, Vector Calculus, Differential Equations, Linear Algebra, Statistics, Mathematical Physics, Differential Geometry
- **Computer Programming:** Mathematics Integrated with Computers and Applications (3 part course taken over 3 years), Introduction to Scientific Computing
- **Education:** Mathematics, Physics, Diversity, Special Education

Technical & Personal Skills

- **Programming Languages:** Python, Visual Basic, SQL, Physica, Extrema
- **Software:** Maple, Mathematica, L^AT_EX, Git
- **Operating Systems:** Windows, Linux
- **Professional Skills:** Teaching, writing, presenting
- **Personal Skills:** Enthusiasm, curiosity, organization, communication, time management, leadership,

collaboration, perseverance, diligence

Professional Memberships

Ontario College of Teachers (OCT)

Member ID: 698209

2019 – Present

Extracurricular Activities

Burlington Concert Band

1st Clarinet

Burlington, ON

2018-2019

Brock University Winds Ensemble

2nd Clarinet

St. Catharines, ON

2014-2018

Brock Intramural Sports

Soccer, Softball, Volleyball

Brock University

2016-2018

Media Appearances

SURP Project Showcase

Poster, Research Summary

2021

SURP Student Spotlight

Student of the Week interview

2021

A university mathematics department's adoption of constructionist math courses

MICA Project interview

2017
